*Required information. Please do not use a PO Box. We ask for your name and address in order to determine who your state legislators are and deliver your message. Temporary addresses also acceptable.

PHONE (optional) () - _____

By providing your mobile phone number you consent to receive text messages and calls from our organization on advocacy initiatives. You can unsubscribe at any time by replying STOP. Message and Data rates may apply.

To my State Legislators and Governor Ferguson:

Washington's community health centers are local health care superheroes — providing critical care and services where they're needed most! As a stormy budget forecast looms, please do everything in your power to preserve clinic funding, support payment models that incentivize whole-person care, defend comprehensive health coverage, and invest in capital projects to expand dental care capacity and school-based health services.

Share more about why these services are important to you:

Signature: By signing you authorize us to (i) send your lawmakers an email on your behalf with the message on this card and, if applicable, your personalized comments (ii) share your story publicly, including your name and comments, and any health or other personal information you provide for advocacy purposes, and (iii) share your information with our service provider partners who help us process data or with your community health center. By signing, you authorize us to contact you regarding health care advocacy matters. We will never share your data for profit.

Save Health Care in Washington

Save Health Care in Washington is a grassroots advocacy network led by the community health centers of Washington state. Our mission is to empower people to use their voices to ensure health care access for everyone in Washington. We will send your message to your elected officials. You may get a response from them thanking you for your message.
